WHAT IS VINYASA? Vinyasa is the linking of body movement with breath. It is a specific sequence of breath-synchronized movements used to transition between sustained postures. It is essential to set an intention for one's personal yoga practice. Our instructors will guide you in taking the necessary steps toward reaching that goal.

All classes are ALL LEVELS with the exception of Saturday Class with Tony; which is not recommended for beginners or anyone under 18.

Private or Group Yoga classes available. Please contact Nate nmcgregor@bossesports.com to set up your class today!

Contact Group Ex Director Nate McGregor for more information: nmcgregor@bossesports.com
